Leiters.

General Superintendent Neill of the United States company's mine was at his desk again yesterday after spending several days underground. Everything tooks lovely af the mines, with the ore bodies, both new and old, steadily on the improve.

Several of the big guns in the mining fraternity will endeavor to boost the market price of lead today by materially decreasing the visible supply in peliting jack rabbits at Monument and other favorite resorts of the fleet and long-eared tribe.

Wood River Times: J. B. Boyce of

long-eared tribe.

Wood River Times: J. B. Boyce of Soldler was in town today getting ore from the Olympia and Sampson lodes, about four miles from the Trail Creek divide, assayed. The returns were 5% ounces gold and 5% ounces silver per ton. Mr. Boyce says that he can select reck that will go 1500 a ton easy. The Olympia and Sampson are parallel claims, with defined veins, the ledge on the Sampson cropping out a length of about 200 feet. He has taken three sixhorse loads of supplies to the claims, which he proposes to develop this winter.

stock holding the same for an expected advance.

The few recent transfers have been made at about 7th er 8 cents, a jump up of about 7 cents since the vein of copper was encountered. The vein is described as being four feet wide and runs from 18 to 21 ner cent copper, with small values in both gold and silver. The ore seems to be in place and matter a considerable smount of copper, indicating the few with depth a twenty-foot vein may be encountered.
